

NOVEMBER 2015

MARINE SAFETY FORUM

“ALL MEMBERS MEETING”

CANCELLATION

It is with regret that we must inform you that the November MSF “All Members Meeting” will not be taking place this year.

The reasons for this are plentiful but can predominantly be attributed to;

- late membership fees and membership cancellations combined with previously committed expenditure causing funding challenges
- lack of confirmed quality presentations at this late juncture (as we always strive to offer a high quality, balanced and full agenda)
- recognition of the current industry economic climate with the associated challenges this may present with regards to delegate transport and accommodation.

The MSF is wholly dependent on membership funding and our budget has suffered from these shortfalls this year, so we would greatly appreciate prompt payment of invoices when submitted in January.

This year we will be writing to all paying members in advance to ensure the correct details are in place and any particular payment requirements or processes are known about in advance.

We are sorry that this cancellation has come about but rest assured we will be striving to ensure a full, varied and engaging agenda is in place for the next AMM in 2016.”

Euan Simpson and Steve Ferguson (Co-Chairmen)
